He tries to do ten percent fewer miles every year, so last year he drove eleven thousand miles, and this year he's going to try to do only ten thousand. This doesn't mean he travels less, this means he walks more. When he does shopping, he always walks now. He uses public transport when he can, usually going by bus. His car runs on unleaded petrol because it's cheaper and it keeps the air cleaner. About in the home, he saves as much as he can. He doesn't throw rubbish away.
